

OHFAMA 2026: HOLY TOLEDO SEMINAR & AUTUMN GOLF OUTING

A full day of education on advanced foot and ankle surgery, plastic surgery, cardiology, limb salvage, and diabetic limb care. The event also features hands-on cadaver labs, resident case discussions, sponsor exhibits, and networking opportunities, concluding with a golf scramble.

DR. RAQUEL SUGINO

Trained in reconstructive foot and ankle surgery, deformity correction, and MIS procedures.

DR. AHMAD YOUNES

Fellowship trained in interventional and cardiovascular medicine, including advanced endovascular structural procedures.

DR. P. KASI RAMANATHAN

Board certified in interventional cardiology, cardiovascular medicine, nuclear cardiology, and internal medicine.

DR. SHAWN WARD

Specializes in foot and ankle surgery, wound care, limb preservation, nerve surgery, trauma, and reconstructive deformity correction.

DR. DANIEL LADIZINSKY

Board-certified reconstructive plastic surgeon with over 30 years of experience and former Chief of Plastic Surgery at Kaiser Permanente Northwest.
